

To Whom It May Concern:

My name is Hena Mansori and I'm the Detention Project Staff Attorney at the National Immigrant Justice Center. We are dedicated to ensuring human rights protections and access to justice for all immigrants, refugees and asylum seekers. NIJC has made critical advances in the lives of hundreds of thousands of vulnerable people. That is why we pride ourselves on working with the best professionals, who have dominance in the two languages of English and the respected language of our client, as well as the underlying culture and hidden gestures that are necessary in order for our translator to fully comprehend and relate to the person we are assisting.

Ms. Saper fulfills all of these qualities and more as she proved her competence in the English and Farsi languages. She accepted our request on a short notice as the court filing deadline for our case was set much sooner than we had anticipated. Ms. Saper translated letters and documents from Farsi to English and also interpreted our conversations with the client, from English to Farsi and vice versa.

I feel comfortable recommending her for any translation or interpretation position. Please do not hesitate to contact me if I can offer any other information.

Sincerely,
Hena Mansori
